drawing water (1723)

Feb 13, 1705

(Scotland)

An article appeared in the Edinburgh Courant of Feb. 19, 1706 which was an abridgement of one published in the London Gazette of FEB. 13, 1705 which, in turn, was a translation from the ~~Amsterdam~~ AMSTERDAM Gazette of Feb 22, 1706. All 3 were published in the same week. The discrepancy in the year was caused by the

fact that SCOTLAND and the low countries
began the year in January 10 England
until 1752, began the year on mar. 25.
The discrepancy in days associated
by the war of the progression Cal in
the low countries at the time when
the England & Scotland still
adhered to the Julian Cal. (Julian
Calendar)
